

BAVARIA 39 (year 2006)

About the boat

Defying the old adage, the Bavaria 39 Cruiser adds a new twist of "more is definitely more". At almost 40 feet overall, the 39 Cruiser is a refined replacement for the very popular 38. Featuring the newly styled Bavaria interior, incorporating 6 hull ports and two deck skylights that allow ample light to highlight the stylish new light mahogany interior, the 39 Cruiser is a refreshing addition to the new Bavaria line. Two spacious heads, an elegant forward cabin and ample entertainment area in the main salon, the 39 Cruiser presents a feel of openness and space while retaining the secure feeling of a true offshore yacht.

Carrying almost 100 sq ft additional sail area on an extra 1 foot plus of mast height the 39 Cruiser will supply the sailing characteristics to delight the most performance oriented sailor while retaining the stability and sea kindly manner that made the 38 so popular.

Featuring a wide range of standard equipment that is optional on many other production sailboats of this size, the 39 Cruiser will supply all the criteria that the discerning yachtsman could need.

Inventory

Bavaria 39, just like all our boats do, has [standard inventory](#). If you will be needing anything else for your cruise we will provide it for you. Browse trough our [Extras](#) section to find the things you need.
