

Bavaria 46 (year 2006)

About the boat

The mood of the Bavaria 46 Cruiser is evident immediately when you step aboard, and is further enhanced when you venture below. The rich African mahogany interior imparts the sensation of the classic yacht. Large skylights and cross ventilation allow for a sense of openness not often found in a yacht with the sailing potential of the 46. Relax in the comfort of the owner's cabin forward or the spacious U-shaped settee amidships. The cockpit layout allows for easy sail handling or just sitting around relaxing after a lively afternoon sail.

Inventory

Bavaria 46, just like all our boats do, has [standard inventory](#). If you will be needing anything else for your cruise we will provide it for you. Browse through our [Extras](#) section to find the things you need.
